## The Gridiron At Philadelphia This Afternoon-- Officials Applauded The Play.

## LAST FOOTBALL GAME OF THE YEAR

## Was Played On Franklin Field This Afternoon--Army Was Favorite In The Betting Before The Game Began--Invitation Affair.

[BY ASSOCIATED PRESS.] Philadelphia, Pa., Nov. 30.—Every department of the government at Washington was well represented here this afternoon when the football teams representing the Navy and Army fought for supremacy. Both teams were in fine fettle and pretty evenly matched. The Army was slightly favored as they had lost but one game this season and the Navy has been beaten twice.

West Point won the toss and took the kick-off. This gave the Navy the easy goal. The wind was slightly in the Navy's favor and the Army kicked behind the goal line. The Navy was given a free kick from the 15 yard line. The ball went to mid-field where it remained most of the time. Both teams were forced to do considerable pushing. The long runs by Heavens Douglas carried the ball into the Army's territory. The Army held on its own 10 yard line and got the ball and kicked it out of danger, but the Navy returned the kick. The Army worked hard and Douglas went over for a touchdown and Lange kicked goal. The score was Navy 6, Army 0.

The next kick-off resulted in an exchange of punts. The ball changed hands several times, and the half ended with the score: Navy, 6; Army, 0.

First half—Navy, 6; Army, 0.

The Quaker City was the gathering place today of members of the social sets from almost every city of the final score.

Final: Navy, 6; Army, 0.

The East end of many of Washington's official estates, all of whom are here for the great annual gridiron contest on Franklin Field this afternoon between the football teams of the West Point and Annapolis academies. Philadelphia is in gala attire in honor of the event. The black, gold and gray of the Army, and the blue and gold of the Navy are flying everywhere.

At noon it was apparent that a large crowd was over attended. An Army and Navy game on the University of Pennsylvania's gridiron would be on hand to see the struggle. Many special trains came in during the forenoon from Washington, New York, West Point, Annapolis and intermediate points, bringing representatives of the Navy and War departments, rear admirals, major generals and officers of other grades down to the plain, privates, jacksies and marines.

Among the unbiased prophets the Army team ruled the favorite. Judgment being based on the showing of the two teams during the season. The West Point boys played stronger eleven and therefore had a little more experience. Against the strongest teams they have made an excellent showing.

The game this afternoon was the thirteenth of the series played by the two academies. Of the twelve games played the Navy has won five and the Army seven. Last year the Navy was victorious by the score of 10 to 0.

Uncle Sam—By ginner! With this gun and this dog I'll make that tough-looking customer clear out.

## MARKTWIN REACHES CHICAGO' AUTOMOBILE JAMESTOWN FAIR'S HIS 72 BIRTHDAY SHOW IS NEXT WEEK LAST DAY IS TODAY

America's Greatest Humorist Still Young at His Advanced Age.

[SPECIAL TO THE GAZETTE.] New York, Nov. 30.—In excellent spirits and looking the picture of health, Mark Twain celebrated his seventy-second birthday today surrounded by friends and admirers. The veteran humorist does not intend to grow old, as he says. He enjoys more leisure than he did in his younger days, but he asserts that he never would have worked if he could have lived without it. After having lost the large financial returns from his earlier career as a writer and lecturer through the failure of the publishing house in which he was interested, Mr. Twain has lived to discharge all of his obligations and to accumulate another tidy fortune.

Chicago, Ill., Nov. 30.—During the next seven days Chicago will be the center of interest for all "automobile-land." The eighth annual exhibition opened today and will continue through the coming week. Last year and the year before the spacious Coliseum was found inadequate to house all the exhibits and the First Regiment armory was used for the overflow. This year, so numerous are the exhibits, it was found necessary to engage the Seventh Regiment armory in addition to the two exhibition halls heretofore used. One price of admission entitles the spectator to visit all of the buildings.

The exhibition embraces the best manufactures in the country, regardless of affiliation. Ninety-five automobile manufacturers have space in the three buildings, while more than 200 parts and accessory firms have been accommodated. This year the commercial cars have been separated for the first time from those designed for pleasure purposes.

Exhibition That as Been A Financial Comes To Close With Fireworks Display.

[SPECIAL TO THE GAZETTE.] Norfolk, Va., Nov. 30.—Today, designated as "Tucker-Murphy Day," in honor of the president and director, is the last of the Jamestown Exposition period. The passing of the exposition will not be marked by any elaborate literary exercises, but toward midnight there will be a grand display of fireworks and the bands will play patriotic exercises. Though the fair has been an artistic success and has been a great advertisement to this section, the delay in the completion of the buildings and the installation of exhibits and the stringency of the money market have made the enterprise a financial failure. There is some talk that the exposition will open in some shape next summer, but the overwhelming debt and the fact that the state appropriations are all exhausted make it very improbable.

## MAN FOUND DYING IN A HOTEL TODAY

Claims He Was Cut and Left Dying by Two Mysterious Men Who Wanted Money.

[SPECIAL TO THE GAZETTE.] Marinette, Wis., Nov. 30.—Henry Schultz a pattern maker of Wausau was found early this morning in his bed at the Melway House mortally wounded. His abdomen had been slashed open and then some of the intestines severed. Part of the intestines severed were found lying on the floor. The theory is that Schultz cut his abdomen open with the knife, then pulled out the intestines and cut them. He lived four hours before he died and he claimed that he had been stabbed by two men who wanted his insurance money. Coroner Tweedie is investigating. Schultz was not drunk, nor had he been drinking and there is no apparent motive for either suicide or a murder.

## MYSTERIOUS DEATH OF A BELOIT LADY

Mrs. Myra Farrant Dies From Burns Inflicted In Mysterious Manner.

[SPECIAL TO THE GAZETTE.] Beloit, Wis., Nov. 30.—Mrs. Myra Farrant died in great agony this morning from burns received in a most mysterious manner. Her son Harry R. Farrant who lived with her got up early and lighted the kitchen fire. He went to feed some chickens and on his return found the kitchen in flames and his mother unconscious in the next room with all her clothes burned off and frightfully scorched. She regained consciousness some hours later but could not explain the accident. She died in great agony. She formerly lived five miles out of the city but has been a resident of Beloit for five years. She was a member of the Bohemian club which will have charge of the funeral.

Wrecked Depot.

Five cars and a caboose running off the track at the depot at Stoughton, Ill., completely wrecked the depot. The trainmen in the engine were not injured.

Drop Prices.

The Beloit milk men have dropped their prices from six to five cents a quart for milk.

## A RIOT BREAKS OUT IN RUSSIAN DOUMA

One Delegate Tries to Drag Speaker From Tribune to Stop Attacks on Government.

[BY ASSOCIATED PRESS.] St. Petersburg, Nov. 30.—The session of the Duma today broke up in a riot. Reactionists assaulted Rodichoff, an orator of the constitutional democrats, and attempted to drag him from the tribune in order to put an end to his vitriolic attacks on the government. Premier Stolypin and other members of the cabinet departed when it became evident the mob had no intention of allowing the session to proceed.

The Pension Fund.

[SPECIAL TO THE GAZETTE.] Manitowish, Nov. 30.—The city council will adopt an ordinance making effect the law creating a fireman's pension fund, passed by the last legislature and the organization of the association among city department members will take place at once. The men will contribute a small sum from their monthly pay and all subscriptions, rewards, etc., paid the department will go to the fund. Members will be eligible to retirement at full pay after twenty-two years' service, and in event of injury will receive a pension of half pay. The department has twenty members.

[SPECIAL TO THE GAZETTE.] Sheboygan, Wis., Nov. 30.—Edward Cody Menominee Indian, was fined \$10.00 for being drunk and disorderly. He attempted to raise a row in a saloon. Some time ago he was arrested here because he threw a match into a burning saloon window because the proprietor had refused to sell him any "fire water."

Mr. Pennington is said to have been in New York this week in consultation with parties interested in the new trust. It is understood about twenty-five independent companies will be in the projected combine, the capital stock of which will be \$500,000,000. It is declared in addition that owing to present money conditions the time is not opportune time for launching the enterprise, but that careful plans were being worked out.

Would Investigate.

[SPECIAL TO THE GAZETTE.] Sheboygan, Wis., Nov. 30.—At a meeting of the county board a resolution was introduced, instructing the district attorney to investigate whether or not money said to have been improperly paid from the county treasury had been replaced and whether money drawn was legally paid. The resolution was laid over for a week.

A resolution was introduced by Supervisor Miller asking the county clerk to resign his office.

## CHICAGO LIVE STOCK SHOW OPENS TONIGHT

World-Famous Stock Will Be Exhibited at International Show Next Fortnight.

[SPECIAL TO THE GAZETTE.] Chicago, Ill., Nov. 30.—When the doors of the big amphitheatre at the Union Stockyards swing open tonight the public will be admitted to view the greatest live stock show ever held in this or any other country. The occasion will be the opening of the eighth annual International Live Stock Exposition, which is to continue during the next twelve days.

Months, in fact almost a year, have been spent in perfecting plans and making ready for the coming show. An idea of its magnitude is afforded by the announcement that the show embraces more than \$2,000,000 worth of world-famous animals, numbering about 7,000. Hired horses and shod stock have been assembled not only from all parts of America, but from France, Germany and other foreign countries as well. Exhibits of draft horses from France and fancy coach horses from Germany are features of the exhibition this year. Sheep from the finest flocks of Canada, France, Belgium and Scotland are to be seen. Every variety of purebred cattle known to the breeder is included in the list.

In addition to the large number of cups and other trophies which are customarily awarded at similar exhibitions, \$50,000 in cash prizes have been hung up for competitors this year. Beginning next Tuesday and continuing through the week there will be daily sales of purebred breeding stock. Breeders and dealers from all parts of the world will be here for the sales and also to attend the several conventions of stock breeders' associations to be held in conjunction with the exposition.

London, Nov. 30.—Manly presents and messages of congratulation are arriving at Sandringham in anticipation of the birthday of Queen Alexandra, who was born December 1, 1844. The anniversary will be marked by a family reunion. Despite her sixty-three years and the fact that she has three grandchildren, the Queen still retains her youthful beauty in a most remarkable degree.

## ARM CHOPPED OFF IN A FEED CUTTER

Farm Hand Suffers While Machinery Chops Flesh Inch by Inch

[SPECIAL TO THE GAZETTE.] Manitowish, Wis., Nov. 30.—Robert Flossbach, a farm hand at Newton, had his right arm chopped off inch by inch in a feed cutter yesterday, the arm being taken off at the elbow. The accident resulted when Flossbach attempted to clear the machine, which appeared to have become clogged and before assistance could be rendered him, the arm had been so badly mangled that amputation was necessary. The accident is the third of its character here this season. Flossbach is 45 and married.

# CONGRESS WILL HAVE ITS HANDS FULL OF NEW LAWS

## Currency, Japanese Immigration, Revision Of Tariff And Postal Savings Bank Are Questions That Will Be Taken Up.

[SPECIAL TO THE GAZETTE.] Washington, D. C., Nov. 30.—The first session of the sixtieth Congress will convene at noon Monday. The session has been looked forward to as one likely to be more than ordinarily interesting. When congress meets just before a Presidential campaign, as in the present case, the policy of the leaders of the majority has always been to confine the session more to oratory than to action. But the session about to begin will prove an exception to the rule. The demand for currency legislation cannot be ignored. Since the present financial flurry began columns of newspaper space have been devoted to expressions of opinion from bankers, business men, manufacturers, merchants and others, showing how pressing these people believe the subject to be.

Other matters of great political and commercial importance also demand attention. Many recommendations will be contained in the President's message. Though few of them, of course, will be enacted into law at the present session the majority of the subjects will at least come up for discussion. The control of railroads and other corporations doing an interstate business will receive attention, including proposed amendments to the Sherman anti-trust law.

Other recommendations will probably include a graduated inheritance tax, consideration of a Federal income tax, the revision of the tariff on imports from the Philippines, the passage of a modified shipping bill, the creation of postal savings banks, the establishment of a more effective public health service than now exists, and the extension of the parcels post.

The demand for the exclusion of the Japanese will be another serious problem with which the administration and republican leaders in congress will have to deal. The Pacific coast states are insistent that Japanese shall be excluded from American soil, and the delegation in congress from those states will urge legislation. That the administration is keenly apprehensive as to the situation is shown by the refusal of the Department of Commerce and Labor to discuss Japanese immigration and the determination of Secretary Strauss to suppress the publication of bulletins showing the volume of Japanese immigration.

Monday will be devoted to the work of organization, and the President's message will not be presented until the following day. Vice President Fairbanks will call the Senate to order Monday, while the House will be called to order by the clerk.

In the House greater interest attaches to the proceedings because a complete organization will be necessary. This includes the election of a speaker and other officers and the drawing of seats by the members of the House.

The democrats will hold their caucus in the House of Representatives this evening. The incipient revolt against the rule of John Sharp Williams of Mississippi is minority leader in the House has died out, and it is expected that he will be selected with little or no opposition.

Among the republicans it is settled that Representative Cannon shall succeed himself as speaker, and he will be nominated in the republican caucus for the third time, without a vote in opposition. The old officers of the House will be re-elected, as the campaign which organized the House several years ago is still sufficiently cohesive to prevent any of the new members from undoing the program the veterans have mapped out. There is a contest over the postmastership, as a vacancy caused by death exists, and Ohioans are fighting it out among themselves for this office, the postmaster of the House being the office apportioned to Ohio under the old combine.

Mr. Frye of Maine will again be chosen president pro tempore of the Senate, but as Vice President Fairbanks has a habit of being always in his seat and punctual in attendance, Mr. Frye will have little to do. The other officers of the Senate to hold over, including Senators Gore and Owen of Oklahoma, in regard to whom there may be some contest, and Smith of Michigan, Curtis of Kansas and Du Pont of Delaware, who took their seats, filling vacancies, late in the last session, there will be eighteen new men in the senate. These will be Harkness and Johnson of Alabama, Borah of Idaho, Hiram of Oregon, Briggs of New Jersey, Brown of Nebraska, Davis of Arkansas, Dixon of Montana, Guggenheim of Colorado, Paynter of Kentucky, Richardson of Delaware, Stephenson of Wisconsin and Taylor of Tennessee.

sion are playfully tickling M. G. Jeff-

the mischief-maker though W. G.

**WHO STOLE THE PIG ASKS  
EVERY UNWISE TRAINMAN**

**Young Swine That Escaped from a  
Stock Car Is a Mystery**  
to Many.  
"Who stole the pig?" is the query  
made by a number of railroad men  
living here who were unable to ac-  
cidentally gained his freedom from a  
stock car. The conductor of the afore-  
said train was the first one to ob-  
serve the little pig chasing about the  
cars at a point near Shopton. This  
same man in charge of the train gave  
the undrugged chase and placed him  
in a box. All were well till the train  
reached Janesville, when two brakemen  
stealthily approached the spot  
where the porcupine box was supposed  
to be sitting, only to find some-  
thing missing. But they kept what  
they didn't know under their lids and  
said not a word to the conductor who  
also found the box gone from its  
place of hiding and uttered with start-  
led surprise "who stole the pig?"

**BROAD-FACED HEN, ALIAS  
OWL, MADE ITALIAN SICK**

**Laborers at New Yards Feasted on  
Owl That Made One of Them  
Sick.**  
What is a broad-faced hen? An  
owl. At least that's the answer to a  
hunch of Italian laborers gave to the  
question when the doctor asked them  
what made them sick. It happened  
this way. One Sunday morning not  
many means ago a few of the foreign  
laborers at the new yards strolled  
into the woods in search of forage to  
reduce their board bill at the bunk  
car and to keep down expenses.  
"Oho," cried one of the hunters, when  
he spied a "who, who" bird at the  
top of a tall tree. Bang went the  
gun and Mr. 14th Feathers fell to the  
ground. It was an owl but they knew  
not the name of their game. In due  
time they devoured the fowl which  
was cooked a la stew. But the meal  
made off the bird belonging to the  
family of the stricken made the  
scurvy laborers ill. When they went  
to the doctor with a severe pain in  
the abdomen they said they had part-  
aken of a "broad-faced hen," a 1907  
cologne for the world owl.

**ROCKFORD TRIUMPHED  
BY A SMALL MARGIN**

Evanston High School Team Played  
a Masterful Game Against Forest  
City Thanksgiving Day.  
Evanston, Nov. 29.—The football  
team of the local high school met  
their first defeat of the season yester-  
day in a game played at Rockford  
with the high school team of that city,  
the score being 29 to 16. This is con-  
sidered an excellent showing for our  
boys as the Rockford team holds the  
championship of the state of Illinois  
and averages fifteen pounds to the  
man heavier than the home boys.  
Their captain, Reilly, is a large, mus-  
cular fellow, weighing the heaviest  
of our boys by 20 or 25 pounds and  
is said to have played with many noted  
teams. The Rockford people agreed in  
saying that it was without doubt the  
best and most interesting game ever  
played in the city and while they  
yelled and cheered for their own men  
they expressed unbounded admiration  
for the Evanston team. The boys  
were accompanied by a large number  
of their friends. Prof. A. H. Shultz,  
Carl Gray, Mayor C. J. Parnell, Geo.  
L. Pullen, Fred Baker, E. J. Rockford  
and many school friends being among  
the spectators. The result was not a  
disappointment as the team were un-  
evenly matched as to weight and our  
boys accepted the invitation more  
for the pleasure and pay than with  
anticipation of winning. They re-  
ceived \$100 and all expenses for the  
game.

Janesville Daily Gazette, Saturday, Nov. 30, 1867.—Weston's Arrival in Chicago.—Weston, the pedestrian, arrived in Chicago Thursday morning. His arrival and reception will not soon be forgotten by either the countess thousands who greeted the hero of the hour or himself. The progress along the streets was nearly slow because of the great crowds. He reached the post office, his destination, at precisely 10:30 Chicago time, or ten minutes before noon by Portland time by which he has been governed according to the terms of his wager. Arriving at the Bismarck house cheer after cheer rang out upon the air in response to their vociferous calls he appeared upon the balcony accompanied by Mr. Hamilton, and bearing in his arms his little girl a flaxen-haired little lady of two or three years. For a few moments the applause was deafening while he stood bowing his thanks. In answer to repeated calls of "speech," "speech," he replied: "Gentlemen, I have a short speech to make but it is for the little one here." After having given the crowd the opportunity of gratifying their curiosity he bowed again and retired.

**What Ails You?**  
Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heartburn," belching of gas, acid risings in throat after eating, stomach gnawing or burning, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from indigestion. It is a disease of the stomach and bowels, and it is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener. The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle wrapper and attested under oath. A glance at its formula will show that it contains no alcohol, or harmful habit-forming drugs. It is a fluid extract made with pure, triple-refined glycerine, of proper strength, from the roots of the following native American forest plants, viz., Golden Seal root, Stone root, Black Cherry bark, Queen's root, Bloodroot, and Mandrake root.

The following leading medical authorities, among a host of others, extol the foregoing roots for the cure of just such ailments as the above symptoms indicate: Prof. J. C. Bartholomew, M. D., of Jefferson Med. College, Phila.; Prof. H. C. Wood, M. D., of Univ. of Pa.; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago; Prof. John King, M. D., of American Dispensary, Prof. J. M. Smith, M. D., of Univ. of Chicago; Prof. L. J. Lawrence, M. D., of Univ. of N. Y.; Prof. Philip H. Hildreth, M. D., of Univ. of Michigan; Prof. J. H. Hildreth, M. D., of Univ. of Michigan; Prof. J. H. Hildreth, M. D., of Univ. of Michigan.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. They may be used in conjunction with "Golden Medical Discovery" if bowels are much constipated. They're dry and sugar-coated.

By thrift and economy he saved up some money, and was married.

After keeping house for a year in crowded quarters he decided to surprise his wife with a home in the country, so he came to Staten Island, bought a neat cottage on a quiet street, furnished it, and one Sunday morning brought Bridget over for a surprise.

They strolled down the street till they came to the cottage, when Pat stopped to let Bridget admire it. Pat said, "That's a nice place; let's go in and see it." So they opened the gate and Pat unlocked the door, saying, "This is our home, Bridget darling, what do you think of it?"

Bridget looked around, said it was very nice, but too lonesome a place for her to live, and in spite of all that Pat could say, they went back to New York that night to enjoy life in the tenement.

This is typical of New York. Across the river in New Jersey, are dozens of towns, easy of access, where land can be bought for a song, yet the population is meagre.

In one of the rural towns, 8 or 10 miles from the city, is located the Acellan factory which turns out some 600 pianos every month.

The factory employs some 700 men, and right across the street, good building lots are offered for \$100, but not an employe owns a lot or a home. He prefers to live in a crowded city and so goes back to Elizabeth or Newark when the day's work is done.

This is the class of men, and they are represented by hundreds of thousands, who contribute so largely to the dense population of New York city. They are a world by themselves, living on the fringe of great wealth and luxury, but no more a part of it than the greater army of clerks and semi-salaried people who swarm the city.

There is no city in the land where money seems so small and insignificant, it is spent so lavishly by people who possess it in abundance, that the man with moderate income is a cipher, and yet fascination holds him, and nothing induces him to break away.

The limited circle of acquaintance, and the daily treadmill for existence, is all he knows of life, yet it seems to satisfy.

These conditions are a revelation to a western man, and he harks back to the green fields and simple life, with no regret for the fact that his lot is cast in a different mold.

The money stringency, which resulted in a number of tragedies in both New York and Brooklyn, has largely subsided, and Wall street today, is the most tranquil street in the city.

The Trust Company of America, which paid out \$28,000,000 in 10 days to frightened depositors, is running along as though nothing had happened, and the office of J. Pierpont Morgan is as quiet as a Sunday school room.

There appears to be an abundance of currency for all legitimate demands, and gold is freely used for pay rolls. Silver of all denominations is scarce and small bills are in active demand. No one talks of a panic, and the great money center is no longer the scare center. The Wall street world is also a little world by itself, but it is a world of broad significance and but little appreciated.

## PRESS COMMENT.

Sure Sign of Progress  
Appleton Crescent: The prohibition party is getting along. It has already developed a big, national fight—a very fashionable political trait.What Leaves Still Falling?  
Milwaukee Journal: The winds are raw, the leaves fall fast, there's soling in the hurrying blast; the sides are gray, the world is drear. Oh, where's the coat of yesterday?More Japanese Precocity  
St. Louis Globe-Democrat: It is stated that Japan will make the lowest bid for building a new navy for Spain. If gunners are to be included King Alfonso is a good judge of a bargain.This Is Penalty of Success  
Evening Wisconsin: The Carlsbad university football team ought to be called the Alibi team, because according to a professor in the university only one-third of its members attend the institution. The team seems to be the last survivor of the regime of pay-pay-pay.Have No Ground for Complaint  
Racine Times: Americans who visit Europe spend \$150,000,000 there annually. They will continue to treat themselves to this pleasure, and our neighbors across the Atlantic should not get excited over a smaller returning current of coin.Pertinent Queries of New Senator  
Milwaukee Journal: Senator Uncle Joe says he favors the Bryan idea that the government should guarantee the deposits in national banks. What would he do with the other banks which have two-thirds of the deposits? And wouldn't he insure other kinds of business? If not, why not?Shool Shool Distrust!  
St. Paul Herald: "What nonsense!" exclaims the St. Louis Globe-Democrat, in discussing the recent financial disturbance. "Eighty million Americans frightened at themselves, afraid they couldn't go on doing their great work, \$50,000,000! Americans losing confidence in their power to do what they had undertaken. 'What nonsense!'"Milwaukee Political Vaudeville  
Exchange: Milwaukee people will be wondering what is coming next. David S. Rose complains that there is a pressure brought upon him to run for mayor again and next we hear of somebody will be circulating call on Mayor Becker to stand again. There is nothing in the political line that can surprise or discount Milwaukee.Chicago Autoists' New Menace  
Pound on Lac Bulletin: Chicago has

a new "wheel tax" by which every vehicle that uses the streets must contribute to a fund for their maintenance and it is expected that it will bring \$500,000 into the city treasury every year. All wheels except those on baby buggies and those in the hands of taxicabs, and the automobile gets the heaviest imposition.

Keep to the Truth.  
Exchange: When it is remembered that the market prices of railroad stocks have declined on an average 50 points this year, it is astounding to learn that certain insurance companies propose to permit insurance companies to value their present holdings of securities at the prices of last December.

Nothing could justify such a departure from the strict line of truth as would be involved in such a policy as this. Financial statements based in accordance with this permission would do more harm by far than the publication of the facts of the actual values at existing prices.

D. A. R. Marking Old Trails  
Kansas City Journal: The work of marking the line of the Santa Fe trail, at least one in every county through which the trail passed, these monuments were made of Oklahoma granite, and contained a suitable inscription to show the purpose. The state and the Daughters of the American Revolution furnished the money to buy and have the monuments dressed. The Atchison, Topeka & Santa Fe road hauled them free and the county organizations had them placed in the proper positions. The Daughters of the American Revolution in Colorado are now at work placing similar monuments to those used in Kansas along the trail in Colorado.Sponser Misrepresented  
Oshkosh Northwestern: The wilful misrepresentation of certain remarks recently made by ex-Senator Spooner has caused the latter to make public a carefully prepared statement of his position on public questions of recognized importance, and also of his personal relations with President Roosevelt. Mr. Spooner naturally resents the imputation that he has either "slandered" the president, or had any intention of following such a course. He says plainly that he has differed with the president on some points and questions, both when he was serving as United States senator and later he has retired from that office. But he declares he has always been frank and outspoken on such matters, and that the president himself knows where he (Spooner) stands, and is too broadminded and liberal a man to do otherwise than respect him for his honesty, candor and independence. In fact the former senator declares that the personal relations between himself and the president are just as warm and friendly as ever, and he is sorry to have everything he says "analyzed" to discover some occult meaning.Thompson's Grievous Error.  
Shelbygan Journal: Carl D. Thompson, social democratic leader of Wisconsin and member of the general assembly, evidently has not read the newspapers very carefully. His speech in Shelbygan indicated that he is somewhat misinformed.

Mr. Thompson appears to be under the impression that factories all over the United States are closing down and that thousands of persons are being thrown out of work. Where did he get his information?

No factories in Shelbygan have shut down, and Shelbygan is the third manufacturing city in the state. Two large tanneries have gone from a 10-hour schedule to an 8-hour schedule, but Mr. Thompson favors an 8-hour day anyhow.

There has been no such closing down of factories in the United States as Mr. Thompson states. A few scattering factories have shut down because of the inability to get cash. The warehouses of Shelbygan factories, and the warehouses of factories elsewhere, are not full of unsold goods, as he states.

Weston's 1200-Mile Walk  
Evening Wisconsin: Edward Payson Weston's ability to reach Chicago on his present pedestrian journey from Portland, Maine, in a day less time than he required forty years ago is attributed by the Chicago Tribune to the southward growth of Chicago. Many are the changes which have taken place during the interval between the two tours. On the former occasion Weston was a young fellow of 29; now he is a grizzled veteran with a year of the Panhandle trail and three years of the Panhandle trail.

His wonderful agility and endurance put the dictum of Oseleto to shame; but the fact remains that he is no longer a young man. He has gained great comfort on his present tour from the circumstance of being accompanied by a party in an automobile, which carried provisions, and afforded the means of cooking a warm meal when refreshment happened to be needed on the road. In 1867 and for long thereafter automobiles were unheard of. Even the bicycle was not invented; the crude velocipede, from which the bicycle was developed later, had appeared, and been tried and found wanting, and was in the process of going into limbo. The roads over which Weston has traveled on his present journey have in some cases excited his ire, but they are better far better than the roads of forty years ago.

## Is Money Tight With You?

If so, you will be pleased to note that your needs in the Dental line may be easily met.

Dr. Richards has built up the largest Dental practice in the city during the past 7 years.

By delivering three things.

1ST. PAINLESS DENTISTRY.

Just this A. M. one of the most prominent and influential citizens of Janesville consulted him and had an ulcerated tooth extracted and said in departing:

"Dr. Richards, you did that very nicely and satisfactorily to me."

2NDLY. GOOD, HONEST WORK.

Time tells the tale in all things and this only shows up the durability of his work.

3RDLY. REASONABLE PRICES.

You no doubt have paid \$10 each for those gold crowns in your mouth.

Dr. Richards has put out hundreds in this city for just \$5 each, and guarantees them to be the same in every respect—quality of gold, thickness of gold, purity, etc., etc.

What's the use of paying twice as much as necessary, when by consulting Dr. Richards you may get the same work at a less price and all done painlessly in the bargain.

CARD GAMES FOR  
SOCIETY PEOPLE

WINTER WEATHER BRINGS  
FORTH ITS INDOOR PLEASURES.

## THE APOLLO CLUB MONDAY

Delightful Concert to Be Given by  
the Jaffe String Quartette at  
Library Hall.

Now that winter has really arrived and evidently to stay, Thanksgiving comes and goes, and Christmas and New Year's close at hand, Society is dividing itself between dinner parties and card bridges in the private homes, although many six-carded euchre, duplicate whist and grand clubs exist and their members enjoy their favorite games. Bridge whist, however, is here to stay, for a time at least. Games in the morning, afternoon and evening are not infrequent, for prizes and without, in many neighborhoods. There are a few dancing parties for the younger set, but even the young people enjoy two-table parties or bridge and both the young men and women are becoming adept at the game. Thanksgiving came in the middle of the past week with its home gatherings and taking in of strangers for the annual dinner. On Wednesday evening a dancing party was given by a coterie of young men, known as the Masqueraders, which delighted many. The Elks also had a stag supper at their club rooms which was well attended, and Mr. and Mrs. Thomas Howe entertained at supper and six-carded euchre in the evening.

On Thursday came Thanksgiving. As far as can be learned the members of the Band of Hope did not participate in their morning walk as a stimulant to the Turkey dinner. In the evening the Misses Agnes and Mabel Shumway gave a dancing party at the Guild Hall in honor of Miss Bertha McMillan of Menomonie, a student at Milwaukee-Dowder, who is their guest.

Twenty friends of Mr. and Mrs. Harry Marshall, who reside in the Riverside, surprised them last evening and participated in an impromptu celebration of their first wedding anniversary. Mrs. Connors won the first prize at cards and Miss Myrtle Gibbs the second. Before taking their departure the guests presented the happy couple with some handsome table linen.

Mrs. Harry Carter also entertained on Friday, her guests being the ladies of the Grand Club. This afternoon Mrs. C. S. Putnam entertained the Ladies' Association Whist club, at which time it was decided who will represent Janesville in the tournament to which Mrs. Barber has invited them in Rockford.

Eighteen members of one of the local ladies' whist clubs are invited to be the guests of Mrs. Barber of Rockford next Thursday at a breakfast in the afternoon at twelve o'clock. At the "Brown Teapot" restaurant in the afternoon they will participate with two of the Rockford clubs in a bridge whist tournament, and will be their guests at a tea which is to follow the playing. Some of those who may take part in the festivities are: the Mesdames M. G. Jeffries, V. P. Richardson, E. P. Doty, Stanley B. Smith, C. S. Putnam, Mary Doty, E. P. Carpenter, D. W. Watt, C. S. Jackson, Maud Sloan, Harriet Kavalake, Mary Vance, J. W. St. John, W. G. Wheeler, C. L. Fisk, W. H. Judah, and H. V. Allen.

This evening Mr. and Mrs. Ogden H. Fothergill entertained at dinner and Mr. and Mrs. Norman Cline will also be hosts at a dinner with cards afterwards. Mrs. H. O. Ford is entertaining this afternoon in honor of Miss McMillan, Miss Shumway's guest.

On Monday comes the fifth concert of the Apollo Club at Library Hall. The program is in charge of Mrs. John G. Rexford and consists of numbers by the Jaffe string quartette composed of Willy L. Jaffe, first violin; Herman Kolbe, second violin; Albert Plink, viola, and Hugh Back, cello, assisted by Mrs. Charlotte Zeltz, pianist. The program is as follows:

Schubert Quartet in Flat  
Allegretto moderato  
Scherzo  
Adagio  
Grieg Sonata in F Major  
Allegretto con brio  
Allegretto quasi andantino  
Allegretto moderato  
Scherzo  
Notturno  
Finale, Vivace.

On Monday Mrs. Will Sayles is also to be hostess at a one o'clock luncheon followed by cards. Mrs. David Holmes will entertain the Young Ladies' Card club during the coming week and several other card clubs are scheduled to have meetings.

Mr. Anson Mayhew and son of Milwaukee were guests of Mr. and Mrs. R. M. Hartwick on Thanksgiving Day.

Mr. and Mrs. T. S. Nolan, their daughter, Miss Vera Nolan, and Miss Jennie Burke took Thanksgiving dinner at the Nelson hotel, Rockford.

## "NO STATE TAX"

## SLOGAN A MYTH

ROCK COUNTY WILL PAY ENORMOUS TRIBUTE OF \$84,849.51.

RAISE OF \$1.40 PER \$1,000

In Taxes to be Paid by Citizens of Janesville—University to Cost County \$19,320.

Agile mental gymnastics of political reasoners to the contrary, Rock County will pay a state tax, and a very substantial one, this year. The fact that none of the levy is for a general fund to pay the actual office expenses of government does not make it any less a state tax and a very burdensome one, at that. Last year Rock county's levy for state purposes was \$24,312.35. This year it is \$84,849.51. Last year the tax rate for state and county purposes, in the city of Janesville for instance, was about \$2.80 on each thousand dollars of valuation. This year City Clerk A. E. Indiger estimates that it will be about \$4.20 per thousand. The city share of the county burden is \$40,400. Last year it was a little over \$20,000. This city must pay for state purposes \$17,320.50—over \$12,000 more than last year; for county purposes—\$13,395.13; for schools—\$8,670.50; for the relief of indigent union soldiers, sailors, etc.—\$1,070; for personal property and illegal taxes charged back—\$2.37.

County Levy Analyzed.

The levy made by the county board totaled \$66,350 and included the following items: For county purposes—\$40,000; for retiring the last of the bonds of the asylum addition—\$10,400; for a permanent good road fund—\$15,950.

According to County Clerk Howard Lee the state's levy on the county is apportioned under the general head of "state purposes" as follows: Interest on certificates of indebtedness—\$4,725.46; free high schools—\$3,740.31; graded schools—\$3,596.48; state university—\$19,320; normal schools—\$6,835.22; asylums and penal institutions—\$5,228.74; and common schools—\$11,341.63.

It is only fair to remark in passing that the bulk of this last levy comes back to the towns, cities, and villages of the county in the shape of a state school appropriation.

Appropriation for University.

The big extra million and a half dollar appropriation for the University of Wisconsin is, largely responsible for the unusually large dimensions of the Rock county apportionment, and tax levy. Aside from the permanent road fund appropriation, the board of supervisors made no heavier imposition on the property-holders of the county than heretofore. It is the highest state and county tax since 1901.

The city clerk will turn his books over to the treasurer for collection about the middle of December and then the grumbling will begin.

CONFERENCE IS  
IN FULL SWING

STATE BOYS' WORK CONVENTION  
NOW IN PROGRESS HERE.

## JANESVILLE BOY PRESIDENT

Banquet Held in M. E. Church Last  
Night Well Attended  
and Enjoyed.

Great interest in the annual conference of Boys' Work of the Y. M. C. A. is manifested by the large attendance of delegates from out of the city and the presence of many local residents at the meetings which are being held in the Methodist Episcopal church. The first gathering of the conference delegates was at the banquet held in the church at 6 o'clock last evening. Mayor S. B. Haddox welcomed the delegates on the part of the city, emphasizing the fact that Christianity means strong manhood. The Rev. R. M. Vaughan gave the welcome on the part of the church of Janesville bringing out the fact that some of the greatest minds are now interested in boys' work, and F. P. Lewis, president of the Janesville association, welcomed them on the part of the Y. M. C. A. Roy Post of Milwaukee responded to the toast of welcome. The Rev. H. T. Whitte, pastor of the M. E. church of Appleton, delivered a most inspiring address in the evening upon the value and importance of obedience as a trait of character which should be cultivated in the American boy.

At the devotional exercises this morning \$170 was raised by the delegates for state boys' work. This work requires about \$200 a year to carry out in cities where there is no branch of the association and the boys agreed at the meeting this morning that they would raise one-fourth of the required amount. It is their intention to raise \$330 more to make up the \$500 which is their mark. Subjects of vital interest in boys' work were discussed at this morning's meeting, the topic being subdivided into three groups, high school boys, employed boys and grammar school boys. The conference photograph was taken upon the courthouse steps at 11:30 this morning by H. H. Barlow.

The officers elected yesterday, to preside over the conference were as follows:

Pres.—Roy Grisey, Janesville.  
1st V. P.—Roy Post, Milwaukee.  
2d V. P.—Roger Cunningham, Janesville.

Sec.—Wilbur Broese, Geneva.  
Asst. Sec.—Paul Mitchell, Milwaukee.

The illustrated address by F. A. Crosby, International Secretary of Boys' Work of Chicago, will be one of the most interesting features of the conference. Everybody is invited to attend the address which will be given in the M. E. church, at 10 A. M. on Sunday. The speaker is unable to be present and he will not appear on the program this afternoon and Sunday as was scheduled.

The program for this evening and Sunday is as follows:

JOHN HORVAT WAS  
RELEASED TODAY

And Will Resume His Holiday Trip to Europe—Was Charged With Theft of Sugar Co. Checks From Paul Bonlach.

"I accuse!" in the Slavonian tongue sounds like a rattle of musketry augmented by a few practice notes on the slide trombone. To District Attorney Fisher it sounded like grand opera when John Horvat, arrested in Chicago and brought here last Wednesday on the charge of stealing Rock County Sugar Co. checks for \$25.81 and \$15.22 made out to Paul Bonlach, who shared a common cabin with his alleged victim up to last Saturday, and the latter got engaged themselves in a hot combat. An interpreter translated the Slavonian into German for Landlord Charles Herrmann of the American House and the latter rendered the German into English. It was learned by this roundabout process that Mr. Horvat had bought a \$51 ticket from Chicago to Vienna, Austria and was about to depart for Europe to spend the holidays, when taken into custody by the Chicago police. It was learned that Mr. Bonlach based his accusation on the supposition that Charles Herrmann had cashed for Horvat a \$15.22 check to which his signature had been forged, but this proved not to have been the case on investigation at the lower city bank. Indeed, neither of the checks have been returned there for redemption while nearly all of the other checks of the same series have passed through the window. Somebody went through Bonlach's trunk and abstracted the hard earned checks from the pockets of a coat buried in the bottom thereof, but there was no tangible evidence to show that Horvat was the man and he dismissed the case, assuring the complainant through the two interpreters that the Sugar Co. would probably stop payment on the checks and eventually issue duplicates to him.

### KIMMONS ALIVE IN TEXAS.

Wilkins at Least Innocent of Killing That Man.

Oakland, Cal., Nov. 30.—Sheriff Barnett of Oakland Friday morning received this telegram: "Am in Sour Lake, Tex. Know nothing of accident. Write to-day."—T. Earl Kimmons.

This definitely clears up the mystery surrounding this man who the authorities at one time suspected had been probably murdered by M. A. Wilkins, now a prisoner charged with having killed his wife.

Sheriff Barnett is arranging to have Kimmons brought back to Oakland, as it is thought he can connect several parts of the evidence against Wilkins.

Money for the Rosebud Indians. Valentine, Neb., Nov. 30.—Thirty-eight thousand silver dollars, weighing 2,300 pounds, left Valentine Friday in charge of a squad of 14 mounted police, for the Indians at the Rosebud Agency. Every adult and child on the reservation will receive \$20.

### HIS COURSE DEFENDED

Still Against Railway Rate Legislation and Tariff Revision at the Present Time.

Washington, Nov. 30.—Senator J. B. Foraker made it clearly known Friday that he will contest the Ohio delegation to the Republican national convention with Mr. Taft. This decision, as contained in a letter to Conrad J. Mattson, vice president of the Ohio Republican league, who forwarded Mr. Foraker a copy of the resolutions adopted by the advisory and executive committee of the league endorsing Mr. Foraker for the senatorship and for the presidential nomination.

Foraker defends his course in relation to the passage of the railroad rate bill and insists that the necessity of the railroads of the country to spend millions of dollars annually in increasing their facilities makes this a bad time to hamper the roads in any unnecessary way by legislation.

Against Tariff Revision. Concerning tariff revision he says: "It is sufficient for present purposes to remark that with our surplus revenues diminishing and our enormous expenditures increasing, it would be like adding the last grain of sand to undertake to link with the tariff. Under the present tariff laws we have had the greatest prosperity any country has ever enjoyed and it has been because of the strength thus given us that we have stood up as well as we have under the decline in values amounting to billions of dollars that has at last brought business depression to employers and idleness to thousands of employees. It is to the beneficent results of that policy as expressed in the Dingley law that we must look for one of the necessary factors in the work of restoring prosperity."

"There will doubtless come a time when changes in that law can be made to advantage, but that time is not now."

Gratified by Indorsement. Senator Foraker says he is gratified by the indorsement of the committee at this time because it is a flat rebuke to the suggestion that the office of United States senator is to be stripped of all the real honor attached to it by making its incumbent a mere agent to register the decrees of somebody else.

In conclusion he says: "When the national committee shall have issued the call for the next national Republican convention, I shall, as heretofore announced, formally request the state central committee to embody in its call for the next state convention a requirement that all delegates to that convention shall be chosen by a direct vote of the Republican electors of the state at duly authorized primary elections, held in accordance with the statutes applicable thereto."

TRAIN HOLD-UP IS FOILED. Plot to Rob Northern Pacific Passengers Frustrated by Arrests. Fargo, N. D., Nov. 30.—An attempt was made early Friday at Fife, a small station eight miles west of Fargo, to hold up the east-bound No. 4 train on the Northern Pacific railroad. Three men removed the signal and switch light. The night operator called up the day operator, who was at home at Mapleton, four miles away, and he came on a velocipede.

Two men attempted to hold him up, but he got off his machine and drew a revolver. One man ran away, but the other was captured and brought to Fife. Officers were notified all along the line and three suspicious characters were arrested in the Fargo yards. It is claimed they intended to stop the train and hold up the passengers.

Family Tragedy at Bass Lake, Ind. Knox, Ind., Nov. 30.—During a family quarrel, Carl Farina shot and killed his brother-in-law, Philip Minton, at Bass Lake Friday afternoon. After the shooting Farina fled and has not yet been apprehended. The victim was a stepson of the late George Seaville, an attorney, who defended Outreau, the assassin of President Garfield.

Railroad Man Is Found Dead. Minneapolis, Minn., Nov. 30.—Frank D. Myers, formerly a railway official, was found dead in his room at the Nicollet hotel Friday evening. Coroner Kistler inclines to the theory of suicide. Mr. Myers was traveling passenger agent for the Milwaukee and later for the Pennsylvania.

Big Concerns to Resume. Dayton, O., Nov. 30.—It is announced that the Friend Paper mills of West Carrollton will resume operations next Monday. About 1,500 people will be employed. The National Cash Register plant will also take on several hundred employees who were laid off recently.

### Tax Problems in Several Cities.

Fond du Lac Commonwealth: The common council of Fond du Lac, Wis., is expected, will tonight wrestle with the question of the tax rate for the city for next year. From information already given out, it appears that the rate is not likely to be any lower than it was this year; namely, \$1.80 per \$100; and it may be higher. But Fond du Lac is not the only city that has to come face to face with the financial problem at this time. Appleton is contemplating a rate of \$1.80 also, and Oshkosh, it is said, has the ominous prospect of a rate of \$2.50.

**AMERICAN BANKERS ASSOCIATION**

The new president of the American Bankers' association is James D. Powers, of Louisville, Ky. He is prominently connected with many financial institutions in the Kentucky metropolis, and is representative of the splendid character of the American banker's fraternity. When asked for his opinion of existing financial conditions of this country, Mr. Powers gave a characteristic interview replete with suggestions and soundly.

Mr. Powers said: "In times such as these, indeed at all times, the banker should take a stand against undue speculation, wild speculating and stock gambling, whether in railroads, copper, steel or what not. Especially is this true in these days when men are money mad and when financial brainstorms are epidemic. It should be the first duty of bankers who hold the money of their depositors to see that the party to whom the money is loaned should be solvent, sane and sensible, and the security which is taken as collateral, should represent real and not imaginary or inflated values. Bankers should act as the balance wheel to the great financial interests outside as well as inside their immediate domain, refusing alike, to countenance or lend, aid to the man or institution that gambles upon the rights and money of others. They should stand as a mighty bulwark against wholesale pillage of innocent stockholders and investors. Such action will be more beneficial than all the statutes that may be enacted by all the legislative bodies of the country. It is well to remember that it is the people, rather than legislators, whose opinion makes permanent statutes and changes enactments."

The other officers of the American Bankers' association are vice president, George M. Reynolds, Chicago; secretary, F. E. Farnsworth, Michigan; treasurer, A. A. Crane, Minnesota; chairman of the executive committee, Lewis E. Pearson, New York. The new secretary, Mr. Farnsworth, is an interesting character. For 11 years James E. Branch of New York occupied the executive position which now is held by Mr. Farnsworth. At the last annual meeting at Atlantic City, Michigan carried off the palm. Mr. Farnsworth is well known in Detroit, where he has been secretary of everything going for years. He is an able financier and a man of strong parts.

**Want Liquor Laws Enforced.**  
St. Paul, Minn., Nov. 30.—A committee representing the Baptist Young People's union of St. Paul Friday afternoon filed a formal demand with the police commission that the state law forbidding the sale of liquor after 11 p. m. be enforced. The commission replied that for the present it would confine its efforts to the enforcement of the city ordinance forbidding the sale of liquor after midnight and on Sundays. A committee representing the Epworth League of the First Methodist church notified the mayor that if by January 1 he had taken no action toward enforcing the 11 o'clock closing law, proceedings would be instituted to remove him from office.

**Inventor of Time Lock Dead.**  
Zanesville, O., Nov. 30.—John H. Obermeyer, inventor of the time lock for safes, is dead at his home 30 miles west of here. While treasurer of Perry county, in 1875, Obermeyer conceived the time lock idea and equipped the vault in which he kept the county funds with one of the contrivances. His idea was stolen before he could procure a patent and it never brought him a cent. He was a prominent farmer and stock raiser and was wealthy.

## Difficult Breathing

Short breath, fluttering, palpitation, sinking spells are symptoms of a weak heart, struggling to do its work. It must keep the blood in circulation to carry nourishment to make flesh, bone and muscle, and remove the worn-out particles. When it cannot do this, it must have help. Dr. Miles' Heart Cure gives strength to the heart nerves and muscles, and increases the heart action.

"I am glad to say that I am so much improved in health. Dr. Miles' Heart Cure cured me when several doctors failed. I think no other medicine could do for me what Heart Cure has done. My cure was bad; but as it could be at times, I had difficulty in getting my breath, my heart beat so fast at times that I thought it impossible to live without relief. The pain was very severe in my left side, and my nerves were all unstrung. I had almost given up all hope of being cured, and I am sure I would not have taken Heart Cure. I take great pleasure in recommending Dr. Miles' Heart Cure to all who suffer from heart disease."

**CHAPTER XXIII.**

**A**T 6 o'clock in the afternoon two days later Kinross was once more with the assembled Morningslars in the farm kitchen, the entire family, including Eunice, being present at the important interview he was having with them.

The withdrawal of Georgiana's all pervading presence from the farm had made the family seem to Kinross on his return quite shrunken and small. He had wondered how, after his few days' absence and his fresh contact with the world, Eunice would appear to him from the point of view of his own and her aunt's world, and it seemed to him now as he looked at her sitting opposite him at the kitchen table that she was even more detached from her environment than he had at first thought her and far more akin to his own and her aunt's sphere of life than that of the farm—to which, indeed, she seemed entirely alien.

He fancied today that the habitual melancholy of her eyes was intensified. But surely the great news he had for her would quickly dissipate it and the original "pale drab" of her existence change to rosy hues—perhaps, alas, to lurid ones—for in his heart he felt not a little misgiving as to the possibly baneful effect of her seeming good fortune.

Before returning he had sent a message ahead of him to Mr. Morningslar, warning him to be ready against his arrival to pay over to Eunice immediately the sum of \$3,000 or he prepared to accept the consequences.

The effect of this communication had been to lead the Morningslars to urge upon Eunice once more the suit of Abe, but neither their persuasions nor their anger had succeeded in moving her.

On his arrival he had of course insisted upon seeing Eunice alone. But he had met with such violent opposition to this from both Mr. and Mrs. Morningslar that even the girl herself drew back, unwilling to brave the storm that would follow her open defiance. He saw that part, at least, of what he had to tell her of her affairs would have to be told in the presence of the family. Surely the news would make her able to throw off the last vestige of her youth.

So, first, he had forced Morningslar, under the lash of his threats, to sign, in a cold periphrasis of horror, the draft for \$3,000 (which in fact represented at least a fourth of his possessions) and pass it over to the bewildered Eunice.

"Now, Mr. Morningslar," he began when this transaction had been completed, leaving the farmer utterly shaken out of his orbit, "I have a piece of news for you and your wife and for Eunice."

Eunice's face was pale, and her eyes, intent upon his face, were burning bright. He wished that he had the power to read all her thoughts, unique young creature that she was. It was almost painful, even, to have to

break his news to her in the presence of these people, who, indeed, seemed her natural enemies, but it was apparently unavoidable.

"What's your news?" Mrs. Morningslar curiously demanded, her curiosity getting the better of her rage against him, and her husband, too, bitter as was his chagrin, looked up keenly, suspicious of further calamity.

"When I spent the night in the haunted room I made some discoveries. I found out, as you know, about the \$4,000 belonging to Eunice. I found out also some other things."

He paused an instant. They all waited breathlessly.

"The man and woman who left Eunice here were not her parents."

"Now," exclaimed Mrs. Morningslar, "you ain't tellin' us that!"

"Och, my soul!" breathed Olla, "forevermore!"

"Kin you prove it?" demanded Mr. Morningslar sullenly.

"What did they do with havin' her, then, along with 'um?" cried Mrs. Morningslar.

"They had stolen her from her home."

"Well, I never!" exclaimed Mrs. Morningslar, her eyes bulging.

"I had wished to talk to Eunice of this and other details alone, but as you made that impossible I'll give you the bare facts now, after which," he added in a tone of authority, "Eunice will come with me to hear in private what concerns no one but herself."

The Morningslars stared resentfully, but no one answered.

"Her father," Kinross went on, "was W. W. Wolcott of New York. He was a man of large means. Eunice was his only child. Her aunt, Miss Wolcott of Washington, who believed her to be dead, has meantime had possession of the fortune rightfully belonging to Eunice. She is ready now to make restitution."

"Kin you prove it?" Abe here repeated his father's demand.

"How did you find it out?" asked Morningslar.

"Haunted rooms reveal secrets," Kinross answered, with a solemnity that made the family shudder to a man.

"How much is comin' to her?" inquired Abe curiously.

"A very great fortune."

While the family-gaped, speechless, he rose from the table and moved around to Eunice's side.

"Miss Wolcott," he said, holding out his hand, "I congratulate you."

It took the Morningslars a long time to grasp it, and Eunice herself seemed dazed by it. She had not the least conception of what a great fortune meant. Kinross found her childish acceptance of the stupendous fact both refreshing and amusing.

It required a vast deal of explaining before he could make them all even begin to understand the discovery he had made. Mr. and Mrs. Morningslar were loud in their comments and questions. Even Olla overcame her habitual shyness before him and became articulate. Only Eunice had nothing to say as she sat motionless, with her eyes fixed upon his face, when again he took his chair opposite her.

"Now, just to think!" heavily breathed Mrs. Morningslar. "What'd 'a' think it?"

"Och, it minds me of that there story of Chidorella, ah!" Olla appealed to Kinross, taking courage under the excitement of the occasion to display her knowledge of literature.

"Now, see what you done me, mom," exclaimed Abe bitterly, "with your always jawin' Eunice for makin' 'up to me! See what you cheated me out of! If you'd left us be, look at what I'd be comin' into!"

"Yes, anyhow," Mr. Morningslar also bitterly reproached his wife.

But Mrs. Morningslar turned on the latter resentfully. "Just as if you wasn't always agin' it as much as me!"

"I only thought they oughtn't to engage to marry till they was sure o' one's," he declared.

"Well, if you ain't!" But she checked herself judiciously. "That's all I meant, too!" she also declared, turning appealingly to Eunice.

But the girl did not reply. Mrs. Morningslar sighed heavily.

"But look a-her!" suddenly cried Mr. Morningslar. "It'll spite that there aunt somethin' terrible to have to give up the money after her havin' it all this time and thinkin' it's herin'!"

"I guess, too," agreed his wife.

Eunice glanced at Kinross at Kinross. "Will it leave my aunt poor?"

"Comparatively. Not what you have been accustomed to call poor."

The girl looked thoughtful, but said no more.

"Under these circumstances, Mr. Morningslar," Kinross continued, "you understand you will of course have to part with Eunice."

Mrs. Morningslar started as if doing a blow.

Would this man never have done tormenting and robbing them?

"You think you're agoin' to take her away, do you?" she exclaimed fiercely.

"Why," he smiled, "even you could scarcely expect her to remain here now."

"I ain't leavin' her go!" she stoutly maintained, evidently not yet realizing at all the significance of what she had heard.

To be continued.

Wealthy Pittsburg Italian Narrowly Escapes Black Hand Outrage.

Pittsburg, Pa., Nov. 30.—Dynamite exploded in a place of lead pipe to which a long fuse had been attached and the end of it lighted, was discovered on the porch of Joseph Battaglia's home, 41 Clintman street, early Friday morning. Only the failure of the fuse to burn properly prevented an awful explosion. It is supposed to have been the work of "Black Hand" members.

Battaglia is one of the wealthiest Italians in this city. He is the senior member of the firm of Joseph Battaglia & Bros., wholesale dealers in fruit. During the last two months from time to time Battaglia has received letters bearing the skull and cross bones and demanding that he deliver \$10,000, to an agent of the society. There have been ten of these communications in all and they have been sent from New York, Buffalo and Pittsburg.

And when he took his oath of office he pledged himself to such enforcement. Congressman Cooper, of May or Horlick's city hasn't asked "to hear from the people" whether he shall go to Washington and earn his salary as congressman. We have a few five-leg tables at very low prices. This is your chance in a whole life-time, not to get something for nothing, but to get the best dining table known at the price it cost to manufacture it. Besides their line of dining tables, we will include their library tables and small pedestals. Watch our windows, the place for bargain prices, and the prices that lead. Keep in mind, all the time, that you may have **any couch in stock at \$13.50**. ### MEXICAN WITNESS POISONED

SECRET SERVICE OFFICER VAN-QUEZ ILL AT LOS ANGELES.

Supposed Victim of Friends of Revolutionists Now on Trial in That City.

Los Angeles, Cal., Nov. 20.—Said to be in daily fear of being killed since his arrival here Monday, Trinidad Vazquez, a secret service officer in the employ of the Mexican government, the chief witness for the government in the cases of Magan, Villarreal and Rivera, alleged revolutionists, was poisoned Friday. It is believed he will recover.

He was chatting with Thomas Furlong, a detective who trailed the alleged revolutionists across the country, when he suddenly threw up his hands and dropped in front of the Central police station.

It was thought he was having an attack of epilepsy but the police surgeons whom he was carried into the receiving hospital found that he was poisoned. They have not as yet determined the nature of the poison, but found symptoms of strychnine poisoning. It is supposed if he was fully poisoned it was given to him in his food. Detective Furlong has been accustomed to keep the secret service officer continually in his sight as he feared an attempt on his life.

Word was taken to the federal courts when it was known that Vazquez was suffering with poison. Oscar L. Lawler, United States district attorney, accompanied by representatives of the United States marshal's office, rushed to the hospital.

### MR. TAFT'S LIFE IN DANGER?

Police of Ufa Heard of Plot to Blow Up His Train.

Penza, European Russia, Nov. 20.—The police of Ufa were alarmed Thursday night owing to a report that an attempt would be made to blow up the train bearing Secretary Taft and his party towards St. Petersburg, and 50 soldiers were stationed in the corridors and vestibules of the cars at Ufa and remained on guard until morning. The train proceeded slowly and with great caution throughout the night.

Secretary Taft will be received by Emperor Nicholas Tuesday morning next and a reception by Minister of Foreign Affairs Iswolsky has been offered for Wednesday night, conditional upon the ability of Secretary Taft to delay his departure from St. Petersburg until Thursday. He probably will leave for Hamburg Thursday noon. Montgomery Schuyler, Jr., charge d'affaires of the American embassy at St. Petersburg, has notified Mr. Taft that a nobleman will be appointed by Emperor Nicholas as his personal aide during his stay in St. Petersburg.
